

VIOLA

SOFA / DINING SOFA / DAYBED

design : elin louise sveen

With Viola, the designer wanted to create a playful, feminine sofa with character. Back cushions in different shapes and massive turned legs are details that give the sofa a beautiful, bohemian feel.

Viola's generous depth makes it suitable both as a lounge sofa or a dining sofa.

Choose from different modules, back cushions with or without buttons, and legs of different heights and designs.

Viola is also available as a big, comfortable daybed.
